SENSORY EXPLORATION

The year started with a bang as students right from Nursery in the Joyful Section to the Senior Section looked forward to an exciting Academic Year.

On 12th April 2024, **Sensory Exploration** by discovering textures was conducted for the students of the Joyful Section.(Nursery to Upper Kindergarten)

Engaging children in sensorial activities is a fantastic way to stimulate their growing minds and senses. In this activity, the children had the opportunity to explore different textures, such as hard, soft, rough, and smooth, through hands-on experiences. This tactile exploration will not only enhance their sensory perception but also promote language development and cognitive skills. Materials like stones, leaves, sand, sponge, grass etc were used for the activity.

Sorting trays with the different textures were placed for the activity and the teachers explained to the students to use their feet to explore the sense of touch for different textures.

The children were encouraged to describe how the object feels (e.g., Is it hard or soft? Is it rough or smooth?).

Once the child explored the texture, they were guided to place their feet in a tray of paint for footprints to gather their experience and observations of the sensorial activity.

Descriptive words helped them to express their thoughts while vocabulary related to textures was reinforced.

As I sign off, my heart is full of gratitude, nostalgia, and a touch of bittersweet emotion. My journey as the Cultural Head of this incredible school has been nothing short of unforgettable. I want to thank the whole Clara Family for trusting me, for showing up with passion, creativity, and spirit at every event. From cultural fests to last-minute performances, you made it all worthwhile. The vibrant energy, the tireless rehearsals, the burst of laughter backstage, the applause echoing through the auditorium—these memories will forever be etched in my heart. Together, we didn't just put up shows—we told stories, celebrated diversity, and created magic.

Though I may be moving on, a part of me will always belong to CLARA, these corridors, and the beautiful chaos of school life. I leave with a smile, a full heart, and immense hope for the legacy that continues.

With all my love and gratitude,

Patricia James
