## WELCOME TO CLARA GLOBAL SCHOOL

Clara Global School is a co-educational school, following the CBSE syllabus in Pune, providing world class education in a multi-cultural environment. Since 2007, Speaking Tree Educational Institution (STEI) has been successfully managing and establishing various CBSE schools across Pune, and now, committed to provide quality education, have started their very own Clara Global School in 2016.

At Clara Global School, STEI brings together the expertise in the field of learning and education in academic collaborations with Dr. Sunita Gandhi, PHD, Cambridge University, UK, president of Council for Global Education, USA.

Clara Global School has 2 branches in the city of Pune- one at B T Kawade Road and other at Sinhgad Road. At Clara Global School we believe in imparting holistic development to every child.

## OUR CURRICULUM

Clara Global School follows the Cambridge Curriculum which is aligned with the NEP 2020 policy. The curriculum aims at developing 21st century skills which are Critical thinking, communication, collaboration and creativity.

The Clara curriculum stretches far beyond academics and is specially designed to develop the complete personality of a child, encouraging the right perspective to compete with oneself and increase the student's potential to think beyond what he/she observes.

## Vision

The shared vision of Clara is to develop confident, compassionate and well-balanced global citizens capable of bringing creativity, originality and integrity to every facet of their life

## CLARA EDGE

- Each Topic/Concept is taught in 4 ways.
  - Dramatic Presentation.
  - Visual Understanding.
  - Written Work.
  - Group discussion/activities.
- Foreign Language Training right from age four.
- Experienced convent educated teachers with international exposure.
- International mentoring through associations with Japan and US
- Top priority - Security and safety of every child.
- High standard of health & hygiene.
- Opportunity to participate in all extra curricular activities to enhance personality development
- Robotics training to inculcate STEM (Science, Technology, Engineering and Mathematics) education.
- Every child learns to play keyboard as part of their music curriculum.
- Large playground to strengthen their muscles and keep our students active.
- Dance curriculum helps our students to build their social strength and improve posture.
- Online bus tracking system.

## OUR FACILITIES
